INFORMATION

Details
Level 1 Beginner Aerial Silks

This course is designed for complete beginners and those who are training at a beginner level. No previous experience needed to join this class!

Over the course you'll learn how to climb the silks, perfect beginner tricks and start to work on sequences from floor to air. You'll learn how to move safely on the silks, building body awareness, coordination and technique through supportive and structured progressions. Each class combines grounded conditioning, skill-building, and creative exploration to help you find your own flow.

Alongside the aerial fundamentals you'll discover how to move beyond single tricks and create flowing silk sequences that look and feel effortless. You'll explore beginner-friendly transitions, simple choreography, and creative ways to link moves together, building both your confidence and your aerial vocabulary.

❖ Perfect for beginners or those refreshing their basics
❖ No prior aerial experience needed, just a willingness to move and have fun!

Step by Step Guide

Step 9.

You are now ready to go! Press 'Book Now' and go through our final part of our booking form. The payment will then be debited out of your account every month until cancelled. You need to give 30 days notice if you would like to cancel or downgrade. You can upgrade your membership at any point. If you don't know what dates you would like to attend classes then you can log back into your account later in the month and you'll have credits to use! The booking system just asks you to book one class with your membership when making your first membership payment.
